How do you think determining the purpose of the website could be improved?

7 responses

A title to say what it does

A paragraph to say what it does

If I could search it on google

A title at the top

A blurb explaining what it does
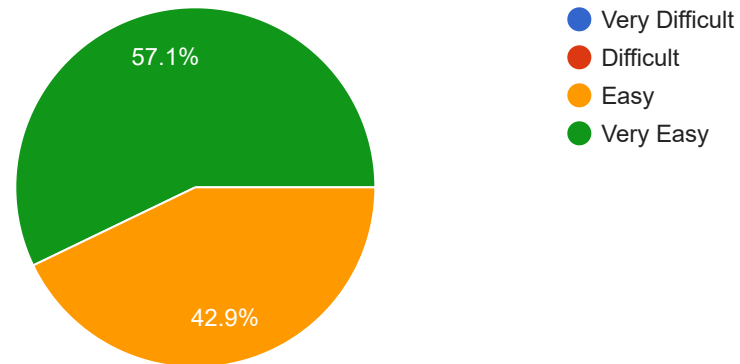

add a title and explain what it does

It was good

How difficult was the website to use?

How do you think the website could be made easier to use?

7 responses

The images should be uploaded for you

I like it

make it brighter it is a little hard to see

It was easy to use

I found it very easy to use
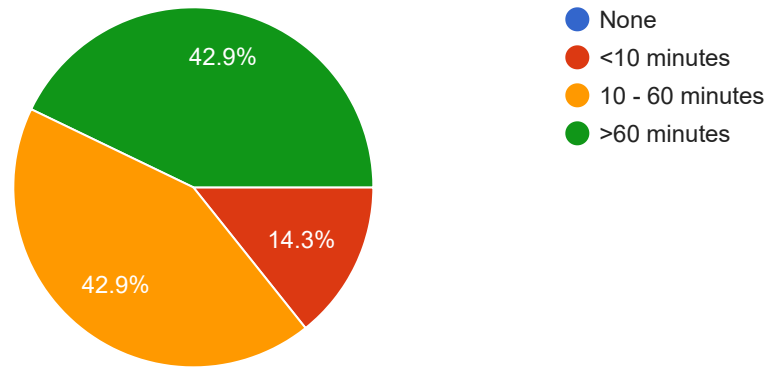

add a title to explain what i am doing for the first time

It was good

Did you encounter any issues or bugs when using the website?

7 responses

No

the barcode froze for a second

no

Is there anything you would suggest to improve this service?

7 responses

A title and save my history

Let me upload from my phone

make it brighter

Add a title and let me upload more than 1 package at a time

Add something to explain what it does

add a title and explain what it does the first time I didn't know

I like this but it should be an app so I can upload pictures from my camera

Google Forms
